INDEPENDENT AUDITOR'S REPORT

Board of Directors Encanto Real Utility District Harris County, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Encanto Real Utility District (the "District"), as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of June 30, 2021, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the Schedule of Revenues, Expenditures, and Changes in Fund Balance – Budget and Actual – General Fund be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The supplementary information required by the Texas Commission on Environmental Quality as published in the *Water District Financial Management Guide* is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The supplementary information, excluding that portion marked "Unaudited" on which we express no opinion or provide any assurance, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements are conciling such information directly to the underlying accounting and other records used to prepare the basic financial statements with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

MCall Dikon Swedland Banfort PLLC

McCall Gibson Swedlund Barfoot PLLC Certified Public Accountants Houston, Texas

October 19, 2021

Management's discussion and analysis of Encanto Real Utility District's (the "District") financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2021. Please read it in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The basic financial statements include: (1) combined fund financial statements and government-wide financial statements and (2) notes to the financial statements. The combined fund financial statements and government-wide financial statements combine both: (1) the Statement of Net Position and Governmental Funds Balance Sheet and (2) the Statement of Activities and Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances. This report also includes required and other supplementary information in addition to the basic financial statements.

GOVERNMENT-WIDE FINANCIAL STATEMENTS

The District's annual report includes two financial statements combining the government-wide financial statements and the fund financial statements. The government-wide financial statements provide both long-term and short-term information about the District's overall status. Financial reporting at this level uses a perspective similar to that found in the private sector with its basis in full accrual accounting and elimination or reclassification of internal activities.

The Statement of Net Position includes all of the District's assets and liabilities, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District as a whole is improving or deteriorating. Evaluation of the overall health of the District would extend to other non-financial factors.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All current year revenues and expenses are included regardless of when cash is received or paid.

FUND FINANCIAL STATEMENTS

The combined statements also include fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District has three governmental fund types. The General Fund accounts for resources not accounted for in another fund, customer service revenues, costs and general expenditures. The Debt Service Fund accounts for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes. The Capital Projects Fund accounts for financial resources restricted, committed or assigned for construction of facilities and related costs.

Governmental funds are reported in each of the financial statements. The focus in the fund statements provides a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and balances of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of the District and the commitment of spendable resources for the near-term.

Since the government-wide focus includes the long-term view, comparisons between these two perspectives may provide insight into the long-term impact of short-term financing decisions. The adjustments columns, the Reconciliation of the Governmental Funds Balance Sheet to the Statement of Net Position and the Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities explain the differences between the two presentations and assist in understanding the differences between these two perspectives.

NOTES TO THE FINANCIAL STATEMENTS

The accompanying notes to the financial statements provide information essential to a full understanding of the government-wide and fund financial statements.

OTHER INFORMATION

In addition to the financial statements and accompanying notes, this report also presents certain required supplementary information ("RSI") and other supplementary information. A budgetary comparison schedule is included as RSI for the General Fund.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

Net Position may serve over time as a useful indicator of the District's financial position. In the case of the District, liabilities exceeded assets by \$3,137,046 as of June 30, 2021. A portion of the District's net position reflects its net investment in capital assets (water and wastewater facilities less any debt used to acquire those assets that is still outstanding). The District uses these assets to provide water and wastewater services.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

The following is a comparative analysis of the Statement of Net Position as of June 30, 2021, and June 30, 2020:

	Summary of Changes in the Statement of Net Position						
	2021			2020	Change Positive (Negative)

Net Position, End of Year	\$	(3,137,046)	\$	(3,802,151)	\$	665,105	

FINANCIAL ANALYSIS OF THE DISTRICT'S GOVERNMENTAL FUNDS

The District's combined fund balances as of June 30, 2021, totaled \$10,304,305, a decrease of \$388,930 from the prior year.

The General Fund fund balance decreased by \$45,854, primarily due to operating costs exceeding service and tax revenues.

The Debt Service Fund fund balance increased by \$55,020, primarily due to the structure of the District's outstanding debt and the issuance of the Series 2021 refunding bonds.

The Capital Projects Fund fund balance decreased by \$398,096, primarily due to capital expenditures for the wastewater treatment plant expansion and water well no. 2 improvements.

BUDGETARY HIGHLIGHTS

In the General Fund, actual revenues were \$122,433 more than budgeted revenues primarily due to higher than anticipated regional water authority fees. Actual expenditures were \$436,441 less than budgeted expenditures primarily due to less than anticipated capital outlay expenditures.

CAPITAL ASSETS

Capital assets totaled \$29,052,656 as of June 30, 2021, and included land and land improvements, construction in progress, equipment, parks and recreation and the water, wastewater and detention systems. Capital asset activity during the current year included additions for Water Well No. 2 at Water Plant No. 1 and wastewater treatment plant expansion.

Capital Assets At Year-End, Net of Accumulated Depreciation						
	2021			2020		Change Positive Negative)
Capital Assets Not Being Depreciated:						
Land and Land Improvements	\$	3,859,371	\$	3,859,371	\$	
Construction in Progress		5,063,010		4,644,665		418,345
Capital Assets, Net of Accumulated						
Depreciation:						
Water System		7,536,876		7,734,324		(197,448)
Wastewater System		7,226,020		7,443,972		(217,952)
Equipment		56,470		62,004		(5,534)
Detention		5,047,058		5,087,631		(40,573)
Parks and Recreation		263,851		264,654		(803)
Total Net Capital Assets	\$	29,052,656	\$	29,096,621	\$	(43,965)

LONG-TERM DEBT ACTIVITY

As of June 30, 2021, the District had total bond debt payable of \$38,350,000. The changes in the debt position of the District during the fiscal year ended June 30, 2021, are summarized as follows:

Bond Debt Payable, July 1, 2020	\$ 39,605,000
Add: Bond Sale - Series 2021	1,490,000
Less: Bond Principal Paid	 2,745,000
Bond Debt Payable, June 30, 2021	\$ 38,350,000

The District's Series 2012 Refunding Bonds are not rated. The Series 2006 Bonds have an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Corporation. The Series 2015 Bonds, Series 2015A Bonds, Series 2019 and Series 2021 Bonds have an underling rating of "Baa1" and carry an insured rating of "AA" by virtue of bond insurance issued by Assured Guaranty Municipal Corp. The Series 2016 and 2017 Bonds have an underlying rating of "Baa1". The Series 2018 Bonds have an underlying rating of "Baa1". The Series 2018 Bonds have an underlying rating of "Baa1" by virtue of bond insurance issued by Build America Mutual Assurance Company. The above rating reflects all rating changes through fiscal year end.

CURRENTLY KNOWN FACTS, DECISIONS, OR CONDITIONS

The adopted budget for fiscal year ending June 30, 2022 projects an increase of \$2,130 to the General Fund fund balance. Revenue is expected to be \$1,843,163 and expenditures are expected to be \$1,841,033.

CONTACTING THE DISTRICT'S MANAGEMENT

This financial report is designed to provide a general overview of the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to Encanto Real Utility District, c/o Marks Richardson PC, 3700 Buffalo Speedway, Suite 830, Houston, TX 77098.

NOTE 1. CREATION OF DISTRICT

Encanto Real Utility District (the "District"), located in Harris County, Texas, was created effective June 4, 1971, by an Order of the Texas Water Commission, presently known as the Texas Commission on Environmental Quality (the "Commission"). Pursuant to the provisions of Chapters 49 and 54 of the Texas Water Code, the District is empowered to purchase, operate and maintain all facilities, plants and improvements necessary to provide water, sanitary sewer service, storm sewer drainage, irrigation, and to construct parks and recreational facilities for the residents of the District. The Board of Directors held its first meeting on February 22, 1972, and the first bonds were sold on June 5, 1973.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board ("GASB"). In addition, the accounting records of the District are maintained generally in accordance with the *Water District Financial Management Guide* published by the Commission.

The District is a political subdivision of the State of Texas governed by an elected board. GASB has established the criteria for determining whether or not an entity is a primary government or a component unit of a primary government. The primary criteria are that it has a separately elected governing body, it is legally separate, and it is fiscally independent of other state and local governments. Under these criteria, the District is considered a primary government and is not a component unit of any other government. Additionally, no other entities meet the criteria for inclusion in the District's financial statement as component units.

Financial Statement Presentation

These financial statements have been prepared in accordance with GASB Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting ("GASB Codification").

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial Statement Presentation (Continued)

GASB Codification sets forth standards for external financial reporting for all state and local government entities, which include a requirement for a Statement of Net Position and a Statement of Activities. It requires the classification of net position into three components: Net Investment in Capital Assets; Restricted; and Unrestricted. These classifications are defined as follows:

- Net Investment in Capital Assets This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvements of those assets.
- Restricted Net Position This component of net position consists of external constraints placed on the use of assets imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This component of net position consists of assets that do not meet the definition of Restricted or Net Investment in Capital Assets.

When both restricted and unrestricted resources are available for use, generally it's the District's policy to use restricted resources first.

Government-Wide Financial Statements

The Statement of Net Position and the Statement of Activities display information about the District as a whole. The District's Statement of Net Position and Statement of Activities are combined with the governmental fund financial statements. The District is viewed as a special-purpose government and has the option of combining these financial statements.

The Statement of Net Position is reported by adjusting the governmental fund types to report on the full accrual basis, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. Any amounts recorded due to and due from other funds are eliminated in the Statement of Net Position.

The Statement of Activities is reported by adjusting the governmental fund types to report only items related to current year revenues and expenditures. Items such as capital outlay are allocated over their estimated useful lives as depreciation expense. Internal activities between governmental funds, if any, are eliminated to obtain net total revenues and expenses of the government-wide Statement of Activities.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Financial Statements

As discussed above, the District's fund financial statements are combined with the governmentwide financial statements. The fund financial statements include a Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances.

Governmental Funds

The District has three governmental funds and considers each to be a major fund.

<u>General Fund</u> - To account for resources not required to be accounted for in another fund, customer service revenues, costs and general expenditures.

<u>Debt Service Fund</u> - To account for ad valorem taxes and financial resources restricted, committed or assigned for servicing bond debt and the cost of assessing and collecting taxes.

<u>Capital Projects Fund</u> - To account for financial resources restricted, committed or assigned for acquisition or construction of facilities and related costs.

Basis of Accounting

The District uses the modified accrual basis of accounting for governmental fund types. The modified accrual basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. The District considers revenue reported in governmental funds to be available if they are collectable within 60 days after year end. Also, under the modified accrual basis of accounting, expenditures are recorded when the related fund liability is incurred, except for principal and interest on long-term debt, which are recognized as expenditures when payment is due.

Property taxes considered available by the District and included in revenue include taxes collected during the year and taxes collected after year-end, which were considered available to defray the expenditures of the current year. Deferred inflows of resources related to property tax revenues are those taxes which the District does not reasonably expect to be collected soon enough in the subsequent period to finance current expenditures.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Accounting (Continued)

Amounts transferred from one fund to another fund are reported as an other financing source or use. Loans by one fund to another fund and amounts paid by one fund for another fund are reported as interfund receivables and payables in the Governmental Funds Balance Sheet if there is intent to repay the amount and if the debtor fund has the ability to repay the advance on a timely basis. As of June 30, 2021, the Debt Service Fund owes the General Fund \$4,734 for maintenance tax collections and the Capital Projects Fund owes the General Fund \$18,032 for water well no. 2 expenditures.

Service Accounts Receivable

The District provides for uncollectible accounts receivable through the allowance method of accounting. Under this method a provision for uncollectible accounts is charged to bad debt expense, and the allowance account is increased based on past collection history and management's evaluation of accounts receivable. All amounts considered uncollectible are charged against the allowance account, and recoveries of previously charged off accounts are added to the account. At June 30, 2021, the District had no allowance for doubtful accounts.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets, are reported in the government-wide Statement of Net Position. All capital assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated assets are valued at their acquisition value on the date donated. Repairs and maintenance are recorded as expenditures in the governmental fund incurred and as an expense in the government-wide Statement of Activities. Capital asset additions, improvements and preservation costs that extend the life of an asset are capitalized and depreciated over the estimated useful life of the asset. Engineering fees and certain other costs are capitalized as part of the asset.

Assets are capitalized, including infrastructure assets, if they have an original cost greater than \$5,000 and a useful life over two years. Depreciation is calculated on each class of depreciable property using the straight-line method of depreciation. Estimated useful lives are as follows:

	Years
Buildings	40
Water System	10-45
Wastewater System	10-45
All Other Equipment	3-20

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgeting

An annual unappropriated budget is adopted for the General Fund by the District's Board of Directors. The budget is prepared using the same method of accounting as for financial reporting. The original General Fund budget for the current year was not amended. The Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual – General Fund presents the original and revised budget amounts, if revised, compared to the actual amounts of revenues and expenditures for the current year.

Pensions

A pension plan has not been established. The District does not have employees except that the Internal Revenue Service has determined that the directors are considered to be employees for federal payroll tax purposes only.

Measurement Focus

Measurement focus is a term used to describe which transactions are recognized within the various financial statements. In the government-wide Statement of Net Position and Statement of Activities, the governmental activities are presented using the economic resources measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position, financial position, and cash flows. All assets and liabilities associated with the activities are reported. Fund equity is classified as net position.

Governmental fund types are accounted for on a spending or financial flow measurement focus. Accordingly, only current assets and current liabilities are included on the Balance Sheet, and the reported fund balances provide an indication of available spendable or appropriable resources. Operating statements of governmental fund types report increases and decreases in available spendable resources. Fund balances in governmental funds are classified using the following hierarchy:

Nonspendable: amounts that cannot be spent either because they are in nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted: amounts that can be spent only for specific purposes because of constitutional provisions, or enabling legislation, or because of constraints that are imposed externally.

Committed: amounts that can be spent only for purposes determined by a formal action of the Board of Directors. The Board is the highest level of decision-making authority for the District. This action must be made no later than the end of the fiscal year. Commitments may be established, modified, or rescinded only through ordinances or resolutions approved by the Board. The District does not have any committed fund balances.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus (Continued)

Assigned: amounts that do not meet the criteria to be classified as restricted or committed, but that are intended to be used for specific purposes. The District has not adopted a formal policy regarding the assignment of fund balances. The District did not have any assigned fund balances.

Unassigned: all other spendable amounts in the General Fund.

When expenditures are incurred for which restricted, committed, assigned or unassigned fund balances are available, the District considers amounts to have been spent first out of restricted funds, then committed funds, then assigned funds, and finally unassigned funds.

Accounting Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3. LONG-TERM DEBT

	Series 2006	Refunding Series 2012	Series 2015
Amount Outstanding - June 30, 2021	\$ 80,000	\$ 130,000	\$ 2,860,000

* Or on any date thereafter, at a price of par, plus accrued interest to the date of redemption. Series 2015A term bonds maturing on May 1, 2026, May 1, 2028, May 1, 2030, May 1, 2039, and May 1, 2041, are subject to mandatory redemption on May 1, 2025, May 1, 2027, May 1, 2029, May 1, 2037, and May 1, 2040, respectively.

NOTE 3. LONG-TERM DEBT (Continued)

	Series 2018	Series 2019	Refunding Series 2021
Amount Outstanding - June 30, 2021	\$ 8,800,000	\$ 2,640,000	\$ 1,490,000
Interest Rates	2.50% - 3.75%	2.00% - 4.00%	2.00% - 3.00%
Maturity Dates - Serially Beginning/Ending	May 1, 2022/2043	May 1, 2022/2043	May 1, 2022/2028
Interest Payment Dates	November 1 /May 1	November 1 /May 1	November 1 /May 1
Callable Dates	May 1, 2024**	May 1, 2025**	May 1, 2026**

** Or on any date thereafter, at a price of par, plus accrued interest to the date of redemption. Series 2019 term bonds maturing on May 1, 2032, May 1, 2035, May 1, 2038 and May 1, 2041, are subject to mandatory redemption on May 1, 2030, May 1, 2033, May 1, 2036, and May 1, 2039, respectively.

The following is a summary of transactions regarding bonds payable for the year ended June 30, 2021:

	 July 1, 2020		Additions	R	etirements		June 30, 2021
Bonds Payable Unamortized Premiums	\$ 39,605,000 15,412	\$	1,490,000 113,719	\$	2,745,000 5,305	\$	38,350,000 123,826
Bonds Payable	\$ 39,620,412	\$	1,603,719	\$	2,750,305	\$	38,473,826
		Am	ount Due With ount Due After ds Payable			\$ \$	1,365,000 37,108,826 38,473,826

On March 16, 2021, the District issued \$1,490,000 of Unlimited Tax Refunding Bonds, Series 2021, with interest rates ranging from 2.00% to 3.00% to currently refund \$600,000 and \$895,000 of its previously issued Series 2006 and Series 2012 Bonds in order to lower its overall debt service requirements. The net proceeds of \$1,520,043 (after a \$17,000 contribution to the refunding agent by the District and payment of the underwriting fees and other issuance costs) were used for the following: \$1,518,403 was deposited with an escrow agent to provide the debt service payment on the portion of bonds refunded and \$1,640 was deposited in the Debt Service Fund for future interest costs. As a result, \$1,495,000 of bond principal is considered defeased and the liability for these bonds was removed from the basic financial statements. The reacquisition price exceeded the net carrying amount of the old debt by \$23,403; this amount is considered a deferred outflow of resources and amortized over the life of the refunded debt which is shorter than or equal to the life of the new debt issued. The current refunding resulted in an economic gain of \$111,339 and an overall debt service savings to the District of \$120,898.

NOTE 3. LONG-TERM DEBT (Continued)

As of June 30, 2021, the District has authorized but unissued tax bonds in the amount of \$89,600,000, authorized but unissued park bonds in the amount of \$8,300,000, authorized but unissued road bonds in the amount of \$14,600,000 and available refunding bonds authorization of \$7,550,000.

Fiscal Year	 Principal		Interest		Total
2022	\$ 1,365,000	\$	1,199,742	\$	2,564,742
2023	1,400,000		1,158,294		2,558,294
2024	1,405,000		1,120,669		2,525,669
2025	1,465,000		1,082,894		2,547,894
2026	1,480,000		1,041,944		2,521,944
2027-2031	8,025,000		4,602,912		12,627,912
2032-2036	9,605,000		3,300,692		12,905,692
2037-2041	10,565,000		1,669,014		12,234,014
2042-2043	3,040,000		151,650		3,191,650
	\$ 38,350,000	\$	15,327,811	\$	53,677,811

As of June 30, 2021, the debt service requirements on the bonds outstanding were as follows:

The bonds are payable from the proceeds of an ad valorem tax levied upon all property subject to taxation within the District without limitation as to rate or amount, and the Series 2006 bonds are further payable from and secured by a lien on and pledge of the net revenues to be received from the operation of the District's waterworks and sanitary sewer system.

During the year ended June 30, 2021, the District levied an ad valorem debt service tax rate of \$0.785 per \$100 of assessed valuation, which resulted in a tax levy of \$2,563,633 on the adjusted taxable valuation of \$326,578,152 for the 2020 tax year. The bond orders require the District to levy and collect an ad valorem debt service tax sufficient to pay interest and principal on bonds when due and the cost of assessing and collecting taxes. See Note 7 for the maintenance tax levy.

All property values and exempt status, if any, are determined by the appraisal district. Assessed values are determined as of January 1 of each year, at which time a tax lien attaches to the related property. Taxes are levied around October/November, are due upon receipt and are delinquent the following February 1. Penalty and interest attach thereafter.

NOTE 4. SIGNIFICANT BOND ORDER AND LEGAL REQUIREMENTS

The bond orders state that so long as any of the bonds or coupons remain outstanding, the District covenants that it will at all times keep insured such parts of the system as are usually insured by municipal corporations and political subdivisions in Texas operating like properties in similar locations under the same circumstances with a responsible insurance company or companies against risk, accidents, or casualties against which and to the extent insurance is usually carried by such municipal corporations and political subdivisions; provided, however, that at any time while any contractor engaged in such insurance.

The bond orders state that the District is required by the Securities and Exchange Commission to provide continuing disclosure of annual financial information and operating data to the Municipal Securities Rulemaking Board. This information is of the general type included in the annual audit report. It is to be provided within six months after the end of each fiscal year and shall continue to be provided through the life of the bonds.

NOTE 5. DEPOSITS AND INVESTMENTS

Deposits

Custodial credit risk is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The District's deposit policy for custodial credit risk requires compliance with the provisions of Texas statutes.

Texas statutes require that any cash balance in any fund shall, to the extent not insured by the Federal Deposit Insurance Corporation or its successor, be continuously secured by a valid pledge to the District of securities eligible under the laws of Texas to secure the funds of the District, having an aggregate market value, including accrued interest, at all times equal to the uninsured cash balance in the fund to which such securities are pledged. At fiscal year end, the carrying amount of the District's deposits was \$4,151,713 and the bank balance was \$4,181,666. The entire bank balance was covered by federal depository insurance.

The carrying values of the deposits are included in the Governmental Funds Balance Sheet and the Statement of Net Position at June 30, 2021, as listed below:

	Certificates				
		Cash	(of Deposit	 Total
GENERAL FUND	\$	197,443	\$	2,160,000	\$ 2,357,443

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments

Under Texas law, the District is required to invest its funds under written investment policies that primarily emphasize safety of principal and liquidity and that address investment diversification, yield, maturity, and the quality and capability of investment management, and all District funds must be invested in accordance with the following investment objectives: understanding the suitability of the investment to the District's financial requirements, first; preservation and safety of principal, second; liquidity, third; marketability of the investment portfolio, fifth; and yield, sixth. The District's investments must be made "with judgment and care, under prevailing circumstances, that a person of prudence, discretion, and intelligence would exercise in the management of the person's own affairs, not for speculation, but for investment, considering the probable safety of capital and the probable income to be derived." No person may invest District funds without express written authority from the Board of Directors.

Texas statutes include specifications for and limitations applicable to the District and its authority to purchase investments as defined in the Public Funds Investment Act. The District has adopted a written investment policy to establish the guidelines by which it may invest. This policy is reviewed annually. The District's investment policy may be more restrictive than the Public Funds Investment Act.

The District invests in Texas Cooperative Liquid Assets Securities System Trust ("Texas CLASS"), an external public funds investment pool that is not SEC-registered. Public Trust Advisors, LLC serves as the pool's administrator and investment advisor. The pool is subject to the general supervision of the Board of Trustees and its Advisory Board. Wells Fargo Bank, N.A. serves as custodian for the pool. Investments held by Texas CLASS are priced to market on a weekly basis. The investments are considered to be Level I investments because their fair value is measured by quoted prices in active markets. The fair value of the District's position in the pool is the same as the value of the pool shares. There are no limitations or restrictions on withdrawals from Texas CLASS.

Certificates of deposit are recorded at acquisition cost.

NOTE 5. DEPOSITS AND INVESTMENTS (Continued)

Investments (Continued)

As of June 30, 2021, the District had the following investments and maturities:

Fund and Investment Type	Fair Value	Maturities - Less Than 1 Year
<u>GENERAL FUND</u> Texas CLASS Certificates of Deposit	\$ 436,476 2,160,000	\$ 436,476 2,160,000
DEBT SERVICE FUND Texas CLASS Certificates of Deposit	621,428 1,705,000	621,428 1,705,000
CAPITAL PROJECTS FUND Texas CLASS TOTAL INVESTMENTS	<u>5,380,995</u> \$ 10,303,899	<u>5,380,995</u> \$ 10,303,899

Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The District manages credit risk by typically investing in certificates of deposit with balances below FDIC coverage. As of June 30, 2021, the District's investments in Texas CLASS were rated "AAAm" by Standard and Poor's.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District manages interest rate risk by investing in certificates of deposit with maturities of less than one year. The District considers the investments in Texas CLASS to have a maturity of less than one year due to the fact the share positions can usually by redeemed each day at the discretion of the District, unless there has been a significant change of value.

Restrictions

All cash and investments of the Debt Service Fund are restricted for the payment of debt service and the cost of assessing and collecting taxes. All cash and investments of the Capital Projects Fund are restricted for the purchase of capital assets.

NOTE 6. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2021:

The District has financed drainage facilities which have been conveyed to other entities for maintenance. During fiscal year 2021, no capital assets were conveyed.

NOTE 7. MAINTENANCE TAX

On August 14, 1976, the voters of the District approved the levy and collection of a maintenance tax not to exceed \$0.50 per \$100 of assessed valuation of taxable property within the District. During the fiscal year ended June 30, 2021, the District levied an ad valorem maintenance tax rate of \$0.105 per \$100 of assessed valuation, which resulted in a tax levy of \$342,906 on the adjusted taxable valuation of \$326,578,152 for the 2020 tax year. The taxes are to be used by the General Fund to pay expenditures of operating the District's waterworks and wastewater systems.

NOTE 8. NORTH HARRIS COUNTY REGIONAL WATER AUTHORITY

The District is located within the boundaries of the North Harris County Regional Water Authority (the "Authority"). The Authority was created under Article 16, Section 59 of the Texas Constitution by House Bill 2965 (the "Act"), as passed by the seventy-fifth Texas Legislature, in 1999. The Act empowers the Authority to provide for the conservation, preservation, protection, recharge and prevention of waste of groundwater and for the reduction of groundwater withdrawals. The Authority has entered into a contract for purchase of surface water from the City of Houston, Texas to assure that its participants comply with the Harris-Galveston Subsidence District ("HGSD") pumpage requirements, which mandate that districts within HGSD boundaries, including the District, convert a percentage of its water use to surface water by certain established intervals.

The Authority currently charges a fee based on the amount of water pumped from a well to the owner of wells located within the boundaries of the Authority. This fee enables the Authority to operate and to finance its capital improvements to provide surface water to portions of its service area. The fee as of June 30, 2021 charged by the Authority is \$4.60 per 1,000 gallons of water pumped. Pumpage fees paid for the year ended June 30, 2021, were \$545,343.

NOTE 9. RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

NOTE 10. EMERGENCY WATER SUPPLY AGREEMENTS

On September 24, 1985, the District entered into an agreement with Northampton Municipal Utility District ("Northampton") to provide emergency water supply services. All necessary costs of constructing the interconnect, including a two-way meter for the purpose of measuring the water provided, shall be borne by the District. Each district is responsible for maintaining the respective interconnect lines within their boundaries. The agreement was amended on August 21, 2000, December 20, 2011, and September 28, 2020. The charge for service to either district is \$1.25 per thousand gallons of water delivered plus the North Harris County Regional Water Authority pumpage fee. The agreement shall be in force until December 31, 2040. Water fees and pumpage fees paid for the year ended June 30, 2021 related to this agreement, were \$4,019 and \$13,585, respectively.

NOTE 11. LAW ENFORCEMENT AGREEMENT

The District has entered into Agreement for Law Enforcement Services (the "Agreement") with Harris County (the "County"). The County agrees to provide three Constable Precinct Four deputies to devote 70 percent of their working time to provide law enforcement services within the District's geographical area, as further defined in Exhibit A of the Agreement. For the period March 1, 2020 to February 28, 2021, the District agreed to pay the County \$18,138 monthly except for the last month which is \$18,141. For the period March 1, 2021 to February 28, 2022, the District agreed to pay the County \$18,592 monthly except for the last month which is \$18,592 monthly except for the last month which is security expense related to this agreement.

NOTE 12. UNREIMBURSED COSTS

The District has executed development financing agreements with Developers within the District. The agreements call for the Developers to fund costs associated with water, sewer and drainage facilities until such time as the District can sell bonds. As of June 30, 2021, Developers within the District indicated that approximately \$3,890,601 had been expended on behalf of the District in accordance with the financing agreements on completed projects. These liabilities have been recorded in the Statement of Net Position for these projects and reimbursement is contingent upon approval from the Commission and future sale of bonds. The following is a summary of activity for due to developers liability:

Due to Developers, June 30, 2020	\$3,805,500
Add - Amounts Owed	85,101
Due to Developers, June 30, 2021	\$3,890,601

NOTE 13. USE OF SURPLUS FUNDS

On February 18, 2020, the Board of Directors of the District approved a resolution authorizing the use of \$253,287 in surplus construction funds from the previously issued Series 2015 bonds to pay for the costs associated with the purchase of a draft aerator stripping tower at Water Plant No. 1. On June 15, 2021, the Board of Directors of the District approved a resolution authorizing the use of \$205,893 in surplus construction funds from the previously issued Series 2015 bonds to pay for additional costs associated with the draft aerator stripping tower at Water Plant No. 1. During fiscal year 2021, the District recognized \$244,179 related to this project. The total included in construction in progress on the balance sheet at June 30, 2021 was \$294,837.

NOTE 14. ECONOMIC UNCERTAINTIES

On March 11, 2020, the World Health Organization declared the COVID-19 virus a global pandemic. Since that time, the District has not experienced any decrease in property values, unusual tax delinquencies, or interruptions to service as a result of COVID-19. The District will continue to carefully monitor the situation and evaluate the financial statement impact, if any, that results from the pandemic.
